

Mebane CTP Visioning Notes – Committee Meeting 10/12/16

Public transit/light rail

- Regular routes/ additional park-and-rides
- Cross county routes
- Potential Amtrak rail stop
- Shuttle services to destination locations (such as Tanger Outlets)
- Operation cohesion between various routes so commuters can travel further via bus transfers etc.

Commuter Information (from Jesse Day)

- Most often commute from Mebane to Burlington, Durham, Chapel Hill, Greensboro

Bicycle/Pedestrian

- Improve existing greenways and connect gaps
- Bike and pedestrian facilities for daily use – outside of downtown Mebane, Mebane Oaks Road, 5th Street
- Improve rail crossings (pedestrian/cyclist safety)
- Connect sidewalk gaps for continuous network; require new development to connect to existing sidewalk network

Highway/Industrial

- Identification of alternate routes/detours for emergency closures of I-40/85
- Dynamic Message Signs (DMS)/fixed signage to inform citizens of traffic issues and potential detours
- Mattress Factory Road interchange – schedule
- NC 119 Bypass – schedule and impacts on local traffic patterns
- Identify and sign appropriate local truck routes

Education

- Wayfinding education (familiarity with surface streets for detours)
- Public transit education/awareness campaigns
